Information notice on personal data processing for the entering person

Our company, Slovenské elektrárne, a.s., with its registered seat at Pribinova 40, 811 09 Bratislava, IČO: 35 829 052, registered with the Commercial Register of the District Court Bratislava III, Section: Sa, insert no.: 2904/B (hereinafter as the "Company") processes your personal data for the purpose of providing for property and persons protection.

Data processing within this purpose includes mainly the activities related to the permitting, recording and control of entries into the Company, recording of and dealing with the security-relevant events, monitoring of premises accessible and inaccessible for the public by a camera system. The Company processes your **personal data** given in this form, your image captured on a photo, data relating to the verification of integrity by means of an extract from the criminal register, employer's identification data, ID number on the card assigned to you and the date you received it, personal number, data related to your entries, exits on foot and by car to and from the non-nuclear facility (date, time, reading device, licence plate No. of the vehicle, entry validity from/to, assigned sectors with allowed entry), image of a person captured on a photograph in camera system in non-nuclear facility or object, data related to an occurred security-relevant and, in the case of employees and self-employed persons working for the Company's contractor or a subcontractor of the Company's contractor, the relationship of the entering person to the contractor. Truthfulness of the data provided in connection with the entry is ensured by verification comparing it to a document proving identity. **The Company's legal obligation** is providing personal data related to an occurred security-relevant event to the respective authorities (in compliance with Art. 3 (2) of Act No. 301/2005 Coll. Code of Criminal Procedure as later amended and Art. 56 (2) of Act No. 372/1990 Coll. on misdemeanours as later amended). The processing of personal data in connection with the monitoring of non-nuclear premises and facilities, as well as the provision of camera recordings to law-enforcement authorities and the intelligence service, arises for the Company from Act No. 367/2024 Coll. on Critical Infrastructure and on Amendments and Supplements to Certain Acts, under which the provision of personal data is mandatory. The authorisation to process data relating to guilty pleas for criminal convictions and offences results from Act No. 367/2024 Coll. on Critical Infrastructure and on Amendments and Supplements to Certain Acts. Other personal data is processed on the legal basis of fulfilling **legitimate interests** of the Company, in particular (i) in effective protection of property and persons and (ii) prevention of occurrence and management of security-relevant events. The provision of this other personal data is not a legal nor contractual requirement, nor a requirement necessary to enter into a contract.

The personal number and identification card number are assigned by the Company. In the case of security-relevant event occurrence reported by a person other than the one who caused the event, we obtain personal data from the reporting person. The above-mentioned personal data processing is primarily carried out in the Company and through our subsidiary participating in the activities concerning the physical protection of our premises. Your personal data may also be provided to the company for which you work (respective contractor of the Company), state authorities fulfilling tasks related to the protection of institutional facility, internal order and security of the state, law-enforcement authorities and intelligence services, authorities related to the management of offences or administrative offences, and the providers or service support concerning the physical protection systems. We process personal data related to permanent entries for 7 years after they are recorded. In the event of a security-related incident, we process the data for 5 years after it occurs. In the case of monitoring of areas accessible to the public and areas not accessible to the public, we store camera recordings for 7 days after they are made, with the exception of monitoring of areas in connection with the smoking ban, where the retention period is 72 hours from the time of recording (provided that no security-related incident occurs).

As a data subject you have: (i) a right to access the personal data; (ii) a right to amend the personal data; (iii) a right to have the personal data erased (the so-called "right to be forgotten"); (iv) a right to request the restriction of personal data processing; (v) a right to file a complaint concerning the personal data processing to the Data Protection Office of the SR (www.dataprotection.gov.sk). In case of personal data processing on the legal basis of Company's **legitimate interest**, you have a **right to object** the personal data processing for reasons related to your specific situation. For more information about your rights and how to exercise them, please visit the Company's website <https://www.seas.sk/gdpr>, tab on the left bar: Exercising the rights of data subjects. **For further information about the extent and way of personal data processing by the Company for the above purposes, visit the Company's web page:** <https://www.seas.sk/gdpr>, area of activity: Protection and monitoring of the Company's property. Should you have any further questions concerning the above-mentioned personal data processing, please, contact: dpo@seas.sk.

Information notice on personal data processing for the applicant and persons of the supplier, whose personal data are included in this document

Our company, Slovenské elektrárne, a.s., with its registered seat at Pribinova 40, 811 09 Bratislava, ID: 35 829 052, registered with the Commercial Register of the District Court Bratislava III, Section: Sa, insert no.: 2904/B (hereinafter as the "Company") processes your personal data for the purpose of providing for property and persons protection.

The Company processes your personal data given in this form for this purpose. Personal data is processed on the legal basis of fulfilling **legitimate interests** of the Company, in particular (i) in effective protection of persons and property and (ii) prevention of occurrence and management of security-relevant events. The provision of these personal data is not a legal nor contractual requirement. Obtaining and processing of the above-mentioned personal data is a precondition for the entry and presence of the above-mentioned person to and at the non-nuclear facilities of the Company. Refusing to provide your personal data shall result in denying the entry.

The personal number is assigned to the applicant by the Company. Other personal data are obtained from you. The above-mentioned personal data processing is primarily carried out in the Company and through our subsidiary participating in the activities concerning the physical protection of our premises. Your personal data may be provided to the providers of service support concerning the physical protection systems, authorities related to the management of offences or administrative offences. We shall be processing the personal data for the period of seven years from its recording.

As a data subject you have: (i) a right to access the personal data; (ii) a right to amend the personal data; (iii) a right to have the personal data erased (the so-called "right to be forgotten"); (iv) a right to request the restriction of personal data processing; (v) **a right to object to the processing of personal data on grounds relating to your particular situation**; (vi) a right to file a complaint concerning the personal data processing to the Data Protection Office of the SR (www.dataprotection.gov.sk). For more information about your rights and how to exercise them, please visit the Company's website <https://www.seas.sk/gdpr>, tab on the left bar: Exercising the rights of data subjects. **For further information about the extent and way of personal data processing by the Company for the above purposes, visit the Company's web page:** <https://www.seas.sk/gdpr>, area of activity: Protection and monitoring of the Company's property.
